LAKE JENNINGS — Over 100 campsites have been constructed at Lake Jennings by the Helix Irrigation District under a grant from the state. When the campsites are finished Aug.

15, they will have electrical hookups for trailers, running water and modern fire pits. Also available for campers' use will be hot and cold showers and storage lockers.

Helix Irrigation 'In Good Shape'

By Norm Hutsell
What is the present standing of the Helix Irrigation District? "Pretty Good," according to Bob Friedjen, HID office engineer.

"We recently completed our three million dollar plant at Lake Jennings to insure proper treatment of water to our customers. The voters' approval of the San Diego County Water Authority's \$30 million bond issue and Metropolitan Water District's \$850 million bond issue in June further insured our water supply," Friedjen said.

Friedjen said the HID has enough water in storage to supply its customers with water on a ration basis up to six months to a year if a major catastrophe occurred and caused a breakdown in delivery from the MWD, HID's distributor.

"Metropolitan has enough for 60 days supply to its member agencies (The County Water Authority is one of 26). We

would still be able to provide our customers with regular service for a good deal longer, lasting up to one year if rationing were used.

In Millions

Helix Irrigation, which serves Lemon Grove, Spring Valley, El Cajon, La Mesa and the surrounding areas, distributes in excess of 22 million gallons of water daily to more than 150,000 customers.

Helix maintains its water mains, pumping stations and storage facilities on a \$400,000 per year construction program.

The future looks good too. "I think we're in excellent shape for the foreseeable future. The only major projects for the near future are the construction of a 54-inch pipeline east of Lakeside to increase capacity of delivery from Lake Jennings and the reconstruction and covering of Grossmont Reservoir, our terminal storage fa-

cility for Spring Valley, Lemon Grove and La Mesa.

Otherwise the only problem pressing HID will be a need for increased capacity in its treatment plant — and that will not come about until the late 1970's.

Water Integration

HID presently draws Colorado River water from MWD, Southern California's water distributor. In 1972, the Colorado River water will be integrated with Feather River water from the Oroville Dam project.

"Colorado River water will become a minor portion of our supply instead of comprising 90 per cent," Friedjen said.

HID draws double its allotted amount from MWD only because Los Angeles area agencies have not found it necessary to draw their portion. Also Arizona, which has been involved in a legal battle with California over use of Colorado River water, has not constructed facili-

ties to divert its allotted share. Both of these situations will end with the delivery of Northern California water to Southern California in 1972.

Water Plan

Phase one of the California Water Plan, which includes the Oroville project, will end in 1990 and with the population expected to double in MWD's territory, other sources will have to be looked into.

Some of the possibilities that exist are the transporting of water from Canada and Alaska through pipelines on the floor of the ocean; the tapping of the Columbia River; and ocean desalinization.

However, Friedjen points out, the most probable plan will be to harness other Northern California rivers, minimizing the flood dangers that exist in the northern part of the state and providing the state's southern half with its water.

The DIMMER VIEW

by MAX GOODWIN

Target: Abusive Phone Calls

The telephone company isn't saying much about it but the day is not far off when you can "lock on" to your caller.

New equipment, some of which may be in use now, will positively identify the source of obscene, threatening or harassing phone calls.

It is said that the new device allows the call recipient to press a button and the two phones are locked until telephone employees separate them.

Donald Vande Venter, manager of the area telephone exchange in La Mesa, admitted that more people than ever are sacrificing their telephone-number identity by demanding to be unlisted because of unwanted telephone calls. Some are not listed for other reasons, but the surge is because there is simply too much harassment.

The telephone company is caught in the middle because federal law denies them permission to monitor any calls at all. It is expected that the new device will make such calls too dangerous for the caller and he will cease.

Meanwhile, Vande Venter listed suggestions of what to do. The list has been approved by the parent organization and is now being incorporated in advertisements in national magazines.

He says: 1. Don't talk to the caller you're doubtful of. Don't give him the audience he wants.

2. Hang up at the first obscene word, or if the caller doesn't identify himself to your satisfaction, or if he says nothing.

3. Call your telephone exchange business office if the annoyance persists. There are employees there who are trained to assist and advise and who can frequently help in identifying the origin of unwelcome calls.

PacTelCo, with other phone firms across the nation, is working with police officials and others to curb abusive calling.

How long it will be before every American phone user has a lock-on device is questionable but as more and more abusive callers are being embarrassingly identified, the number of such calls will surely diminish.

Worthy of Repeating

With emphasis on teen-agers these days of vacation, our contributors are sending us clippings on a piece we ran more than two years ago. It is appearing in various publications in the County at present and we are repeating it here.

It originated in the midwest as part of a speech made at a service club by a police official.

He said:

Vandalism and malicious mischief? Why?

Your parents do not owe you entertainment.

The world does not owe you a living.

Your community does not owe you amusements.

You owe the world something.

You owe it your time and energy, and your talents, so that no one will be at war, or in poverty, or sick and lonely, again.

In plain and simple words — grow up!

Quit being a baby.

Get out of your dream world.

Develop a backbone instead of a wishbone!

Start acting like a gentleman or a lady.

Your parents are probably tired of nursing, protecting, helping, begging, excusing, tolerating and denying themselves needed comforts for your whim and fancy, just because your selfish ego instead of common sense dominates your personality and thinking.

Where can we go? What can we do, you ask,

Go home.

Paint the woodwork.

Rake the leaves.

Mow the lawn.

Learn to cook.

Scrub the floors.

Repair the sink.

Get a new job.

Help your pastor, Red Cross, Salvation Army.

Assist the poor.

Study your lessons.

and when you are through, read a good book.

LM-SV Board Awards Pay Raise To Dist. Personnel

In a 3 to 2 vote Monday night, the board of trustees of the La Mesa - Spring Valley School District awarded a five per cent pay raise to teachers and other personnel of the district.

The cost will be \$325,000. Superintendent Glenn Murdock said the raise will put the district in line with other larger school districts.

For teachers, the beginning annual salary will be from \$5,400 to \$5,800 and top pay from \$10,800 to \$11,210. For non-teaching personnel, it will run from a minimum of \$256 a month to \$1,563 for the maximum. Revision of the administrators salaries was handled two months ago.

Board members did not agree on Superintendent Murdock's final 1966-67 budget for an increase of over \$250,000. The disagreement had to do with the district renting 11 portable classrooms, which would help to reduce the size of several classes to comply with the new state law requiring that no more than 32 pupils be in a class.

However, in a 3 to 2 vote, the board accepted the revised budget, amounting to \$8,280,888.

Rotarians To Hear Forest Ranger

Charles B. Sweetwood, assistant forest ranger for the State of California, will be the guest speaker at the Friday noon luncheon-meeting of the Spring Valley Rotary Club. Sweetwood will talk and show a movie of the Technique of Fighting Forest Fires.

The meeting will be held in Henry Langhorst Restaurant, east of Jamacha and Sweetwater Springs Blvds. Jim Smith will preside. All Rotarians are invited, he said.

Plans are under way by the Spring Valley club for a Rotary assembly, set for Aug. 11, at 7:30 p.m. at Langhorst Restaurant. At that time, Governor R. E. Archibald of Rotary District 534, will be the guest of honor.

Public hearings will be held in San Diego Aug. 17-18 to examine matters effecting the proposed 20-year lease agreement of the Del Mar Race Track. The track is owned by the 22nd District Agricultural Association, a state agency, which has leased it since 1933. A new lease must be executed before the end of the current agreement expires in Dec. 31, 1969, and state law requires negotiations to be completed three years prior to the new term.

Bids for the new lease must be filed by Sept. 12 with the 22nd District in San Diego. The District's selection must also be approved by the California Horse Racing Board and the Department of Agriculture and General Services.

The hearings will begin each morning at 10 a.m. in Room B 109 of the State Building, 1350

now getting ready to attend the University of Chicago Law School in September.

The youth, Howard Wollitz, of 7661 Madison St., who lived with a family in Wottensfield, Germany near the Dutch border, attended his senior high school year at the German school in lieu of a year at Mount Miguel. It was the Mount Miguel Chapter of the American Field Service that sponsored the project.

During the year Howard learned to speak German proficiently. He also became proficient at using a camera and has hundreds of color slides of his visit. Some of these pictures will be shown early in September as part of an illustrated talk at the Lemon Grove Methodist church.

His impressions on Germany: On youth: They date at an older age.

Parents have the same worries about them as in America. On schools:

Germany has shorter days, longer weeks and longer years but more holidays. The total number of hours is about the same as in the U. S.

Extra curricular activities are limited. Students were particularly interested in square dancing and the student government philosophy.

On people: The populace is tradition bound. Labor shortages have de-

status of education. High concern about the possibility of U. S. troop pull-out.

On Germany's future: Political and economic changes are on the horizon. Concern focused on unification.

Constant support of U. S. policies in Europe and Asia.

Howard's father is a director of the San Diego Elementary School system.

SINGER-TWIRLER — Cathy Davis, runner up in Miss Lemon Grove contests in 1964 and 1965, became a member of Young American Singers following an audition in Los Angeles earlier this week. She embarked immediately on a three-month tour of the mid-west starting from Chicago. The first six weeks the 18-voice group will provide background music for Perry Como. Following that, the group will become part of the Peter Nero show, and finally, it will join the Ernie Ford show. Cathy, in addition to singing, will be featured in baton twirling, an ability that brought her fame in San Diego. Young American Singers is made up of 18 college age students from over the U.S. of which Cathy is the youngest. Four of the troupe come from San Diego County. Cathy is the daughter of Mr. and Mrs. William Davis of 6579 McArthur Dr.

Sups To Equalize District Population

SAN DIEGO (CNA) — The Imperial Beach, Lemon Grove, Spring Valley, La Mesa and El Cajon is the largest district.

The Fourth District, represented by De Graff Austin, is the smallest and contains generally the southern portions of the City of San Diego.

Shortly after he was elected, Boney suggested that National City be placed in Austin's district. This suggestion was not adopted.

Registrar of Voters Charles J. Sexton was requested by the board to prepare maps and figures relating to population. Information of the County Planning Department will also be used.

County Counsel Bertram McLees said that census population figures must ultimately be used but that the board can also refer to registered voters in making its decision on redistricting. Final adoption of new districts cannot come until after the general election, McLees said, because the board cannot redistrict between a primary and general election.

School Tax To Rise 15¢

The record \$2,220,785 budget for the Lemon Grove Elementary School District was approved as scheduled Monday night but it's going to cost taxpayers about 15 cents more on each \$100 of assessed valuation.

Part of the increase is the result of the enforced election on unification earlier this year. A reduction in funds from the state in "area-wide aid" will require the district to increase its operating tax from 60 cents to 64 cents.

This loss will be picked up in junior high school program override tax funds. The raise will be from 12 cents to 19 cents. Bond repayment costs will increase the rate by 8 cents, making it 15 cents more on each \$100 of assessed valuation.

The tax rate, estimated Paul Reynolds, district business manager, will be approximately \$3. The board expressed concern

The UPPER ROOM

"He who follows me will not walk in darkness, but will have the light of life." (John 8:12, RSV).

Our bus came to a stop at the Shepherds Hotel in Old Jerusalem. Being in the Holy Land was for some of our group the fulfillment of a dream of many years. Yes, now we would walk where Jesus walked!

We made our way through the narrow, twisting streets of Old Jerusalem, visiting bazaars and market places. We knelt in the Garden of Gethsemane, and early on Sunday morning worshiped at the Garden tomb. We went down from Jerusalem to Jericho. In Bethlehem we visited Shepherds Field. It was a thrilling experience going to place after place.

As we were homeward bound, I asked myself if I really walked where Jesus walked. He walked with the poor and needy, the sinners and outcasts. He was one of them. It came to me that if I were to really walk where He walked, it would be as I moved among my people, loving and serving them as Jesus loved and as He served.

Prayer: Heavenly Father, we thank Thee for Thy Son, our Lord and Master, who walked the dusty lanes and through the crowded marketplaces, ever seeking to serve Thee and make Thy love known. Give us faith and courage today to walk with Him in our community. In His name we pray. Amen.

Though for the day: Walking with Christ demands love and courage.

All entries will be displayed at a central location shortly after the contest closes on Sept. 15. All will be forwarded to New York City for consideration by a National Tuberculosis Assn. judging panel.

'Bug' Suspected Former Assessor Tells Court

SAN DIEGO (CNA) — Former Deputy Assessor John Cox checked the home of Donald James with an electronic device whether the house had been "bugged." A "bug" is a hidden microphone.

James testified in Superior Court Friday that Cox brought the detector to his home sometime after the suicide of former Assessor John McQuilken in October, 1965, and the grand jury indictment Jan. 19, 1966, of Cox, James and five others.

Cox, 45, and tax consultants Ralph Yeo, 67, of San Mateo, and Homer Goehler, 77, of Portland, Ore., are on trial for conspiracy to obstruct administration of laws. In addition, Cox is charged with bribery and falsification of public records.

James, 47, was granted immunity from prosecution in exchange for testifying for the prosecution.

According to James' testimony, Cox came uninvited to the James home twice. James said he told Cox that he had checked his home, his two cars and his office in an effort to learn whether they were being "bugged." He did not reveal his findings to the court.

It was on the second visit, about two weeks later, that Cox brought the instrument, James said.

Burdick, a native of Kansas City, Mo., and from Pasadena, attended Stanford University in Los Angeles. Hanssen Retires At Southland

Les Hanssen, the manager and vice president of Southland Savings Lemon Grove branch retired this week.

He had been at the Lemon Grove branch less than a year but had been with the parent organization for 13 years.

Southland officers surprised him with a luncheon in his honor Thursday at Town and Country hotel.

Fifty-four members and spouses of the Southland firm honored Hanssen at a luau Sunday at the home of Mr. and Mrs. Tom Allen in Lakeside. The Allens' daughter, Shirley, is escrow officer at the La Mesa branch of Southland.

Hanssen has lived at 1167 Pepper Dr., El Cajon, for the past 15 years. He said he will continue to maintain his interest in business in the east county area.

'Change Welfare' Urges Finch

Change in direction of California's welfare program was urged by Robert H. Finch, candidate for lieutenant governor.

"We cannot afford, either financially or morally, to continue on the Democratic-charted course which this state has been following since 1959," Finch said. "It has only caused increased dependency upon public assistance and a corresponding increase in costs."

The 1966-67 state budget calls for a \$1.6 billion expenditure of federal, state and local money for welfare programs. \$500 million of this amount is state money, the equivalent of 17 per cent of the total budget. An average of one of each 17 Californians receive some form of welfare assistance.

The application of space-age techniques may well provide some of the answers necessary to break the present trend.

So — every Wednesday night, from 5 to 11:30 p.m., until further notice, Pal's will serve a steak dinner for \$1.50. Salad, french fries and rolls and butter are included.

Mrs. Amanda Angle

Covered Wagon—A Quiet Way To Make A Trip

A Spring Valley resident recently celebrated her 100th birthday. She is Mrs. Amanda Angle of 3502 Ybarra Rd., who was honored at a celebration held at the East San Diego Woman's Club July 31.

Mrs. Angle was born Aug. 2, 1866 in Indiana. Her family moved to West Virginia when she was nine-years-old and it was there that she met David Angle, whom she married.

The Angles traveled to Colorado in a covered wagon after their marriage and resettled in New Mexico and Arizona before

moving on to California in 1925. The trips were made by horse and wagon and Mrs. Angle recalls "they were very quiet — we had no trouble with the Indians."

Mr. Angle, a construction worker, died in 1961.

Mrs. Angle has retained all her faculties and "is still interested in what's going on." She is an avid reader of books and newspapers.

She spends much of her time crocheting and has many pretty items to prove it.

Chairmen Named By L.G. Chamber

Sam Pernicano, a pizza house operator, was named head of the Lemon Grove Chamber of Commerce's welcoming committee Tuesday by Dr. Sam Smith, president. Stephen Tallon, property management specialist, was named Pernicano's assistant.

Cliff Clark, radio-television dealer, was appointed to head the merchant's division, replacing Bob Mastny, who resigned the chore due to the pressure of business.

Ray Stevens, a retired realtor, was appointed to the Supervisors Chamber of Commerce committee.

In other action, the Chamber endorsed the proposal of Econoline's belt line route. Econoline operates through Lemon Grove presently. In its application president Freddie Allen offered to join Lemon Grove and Spring Valley with San Ysidro and the border on a two-and-a-quarter hour schedule.

The chamber will order maps of the area to fill numerous requests from out-of-towners.

Att. Gen. Candidate Claims Calif. Crisis

Spencer Williams, GOP candidate for State Attorney General has claimed that FBI figures released recently have again shot down Brown-Lynch claims that California does not face a crisis in crime.

"Last year only Nevada had a worse crime rate than California," Williams said in an address to the City Commons Club in Berkeley. "This year Nevada's rate dropped 200 major crimes per 100,000 population, while ours again increased almost 200 crimes per 100,000 population. California now has the dubious distinction of being number one in total crime, as well as number one in the rate of crime per 100,000. The alibis and excuses of our do-nothing Attorney General will never solve this problem," Williams charged.

County Arms Cocked For All-Star Game

Passing will be the key to success for the County team in the annual San Diego College Prep All-Star football game Aug. 24 at Balboa Stadium.

The County lost its two previous encounters with the City because its passing attack was responsible for two dubious records in the 18-year-old classic.

In 1964 — the first meeting between the City and County graduated high school seniors — the County tied a game record for the fewest passes, at

tempted. Although losing a 20-0 decision, the County only put the ball in the air six times.

Last year the County passed more, but had worse success as the City set a game record by intercepting five airmen en route to a 19-0 victory.

Coach Vern Brizendine (Castle Park) is hopeful the County will present a more formidable

aerial barrage in this year's Breitbard Athletic Foundation sponsored game to benefit the San Diego Children's Dental Health Clinic.

Brizendine will count on quarterbacks Bill Miller (Castle Park) and Leonard Gann (San Diego) to give the County a more positive approach to the passing game.

Miller, 5-10, 180, completed 100 of 195 passes for 17 touchdowns last season in leading Castle Park to a share of the Metropolitan League title. He only had five passes intercepted while 17 of the tosses went for touchdowns.

Gann, 5-10, 170, completed 65 of 167 passes for five touchdowns, although 14 of his airmen were picked off.

Gann and Miller will have three of the four top-rated receivers in San Diego as targets for their passes.

John Ugrin (Helix), 6-5, 200, earned All-CIF first team honors as a receiver while Mike Freyler (El Cajon), 6-3, 185, and Tom Bullis (Castle Park), 6-2, 202, were All-CIF second team choices.

'Fisherama'

Lake Henshaw's second "Fisherama" of the year will be held Aug. 13-14. Prizes to be awarded include an RCA Victor color television, portable tape recorder, \$100 in cash, transistor radio and free weekend for two at the lake plus other awards.

Annual Swim Championships To Be Held

San Diego County swimmers will defend local laurels against an onslaught of talent from the rest of California, Arizona and Nevada in the 11th annual Fiesta Del Pacifico Swimming Championships to be held Aug. 12-13 at Mission Beach Plunge starting each day at 10 a.m.

The 48-event swimfest is conducted by the Pacific Southwest Amateur Athletic Union in cooperation with the San Diego Recreation Department.

Swimmers will be placed in heats according to times previously recorded and results will be determined by fastest times. Plaques will be awarded to six places in each event. Additionally, high point team trophies will be awarded for boys, girls, men and women.

Lions Card Golf Event

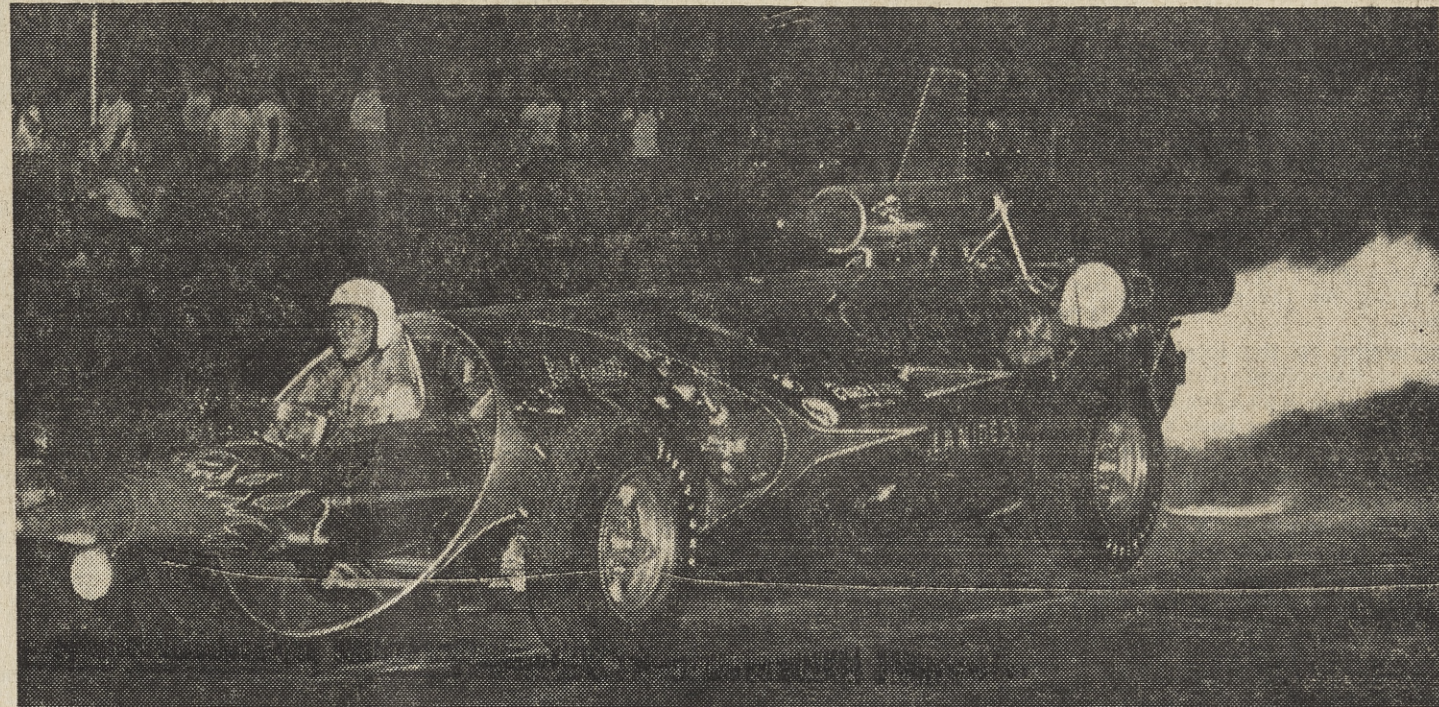

A "Hole in One" contest will be conducted Sunday at Singing Hills Country Club by the Spring Valley Lions Club.

The event is for raising funds and will be in conjunction with the Bostonia Lions Club.

The contest will start at 1 p.m. and a dinner will follow.

Trophies will be presented to those "winning" the fun events.

Robert Webb, president of the Bostonia club, who is reputed to score in the low 90's claims a 34 handicap. Bob Todd, president of the Spring Valley club who golfs in the high 80's sports a handicap of 20. Other "well-known" golfers will participate.

AT RAMONA — Returning for his second appearance, J. D. Zink is shown starting his 241 mph. run at the San Diego Dragway, at Ramona, last month. His fabulous jet dragster, the "Untouchable," will be challenged Saturday by "The Joker," a double A fuel dragster, capable of going well over

the 200 mph. mark. Added attraction of these battling behemoths is a plus feature in the regular full program of events, which runs from 2 to 11 p.m., every Saturday. There will be no advance in ticket prices. Corey Stepek photo

Model Car Racing Group Formed

W. A. Bill Anderson of Lemon Grove has been elected president of the newly-formed San Diego Model Car Racing Association.

The organization will promote the sport of model car racing, sponsor races and standardize model car racing rules.

Other officers are Jack Stewart, vice president; and Ann Bergerson, secretary-treasurer.

Annual Tennis Tourney Nears

The 17th annual San Diego Junior Tennis Championships, U. S. Lawn Tennis Association sanctioned tourney open to junior players, will be held Aug. 10-14.

All matches will be played at Morley Field in Balboa Park until the final day when activity will shift to the Mission Valley Tennis Club.

The tourney is sponsored by the San Diego Tennis Patrons Association in cooperation with the San Diego Recreation Department.

Events will include singles for boys and girls in the 18-16, 14, 12-and-under divisions as well as doubles in 18, 16, and 14-year classes and mixed doubles for 18-and-under.

Chargers Host Miami

The San Diego Chargers welcomed the Miami Dolphins to the American Football League Saturday night in the 1966 pre-season opener at Balboa Stadium. Kickoff is 8 p.m.

A crowd of more than 25,000 is expected to watch Miami make its pro football debut against the Western Division champion Chargers in the annual Charity Game sponsored by the San Diego Union and Tribune as a benefit this year for the USO.

Pre-game ceremonies at 7:30 feature the Navy Drum and Bugle Corps and a 50-state flag parade by the Naval Training Center. Halftime activity includes a salute to the USO by Ozzie's Marching Chargers and a fireworks display by a Marine Recruit Depot unit.

Stocked liberally with veterans from other AFL clubs, Miami's Dolphins are minnows only in team experience.

Coaches Nabbed Club owners Danny Thomas and Joe Robbie hooked one of pro football's most respected coaches, George Wilson, and landed such outstanding rookies as quarterback Rick Norton from Kentucky, linebacker Frank Emanuel from Tennessee and ends Howard Twiney from Tulsa and John Roderick, a 9.3 sprinter from SMU.

"Miami has a good football team," says San Diego coach

Sid Gillman. "No one knows better than we how good are some of their players."

Gillman no doubt was referring to ex-Chargers Dave Kocurek, Ernie Park, Jim Warren and Dick Westmoreland, who San Diego lost to Miami in the expansion draft. All will start for the Dolphins Saturday night.

Two other former Chargers will open for Miami — stringbean quarterback Dick Wood and swift flanker Bo Roberson. Fullback Billie Joe from Buffalo and rookie halfback Sam Price from Illinois complete the Dolphins' starting backfield.

Making his AFL debut for Miami is Rick Casares, one-time star fullback of the Chicago Bears.

San Diego will field an all-veteran team, but has several new starters from its 1965 opening lineup.

Willie Frazier, all-league tight end acquired from the Houston Oilers, makes his Charger debut and 275-pound Ed Mitchell opens at guard position. On defense, tackle Steve DeLong, end Howard Kinding and cornerback Miller Farr have been tabbed to start against the Dolphins.

San Diego's "Hall of Fame" backfield of quarterback John Hadl, flanker Lance Alworth, halfback Paul Lowe and fullback Keith Lincoln are set to begin another season as football's most devastating foursome.

In 1965, Hadl was the league's No. 1 passer (2,798 yards); Alworth the No. 1 yardage-gaining receiver (1,602 yards) and "Player of the Year" Lowe the record-setting rusher (1,121 yards). They helped the Chargers average 364 yards per game in total offense.

Certain to see much action Saturday night are such promising San Diego rookies as fullback John Travis, end Dave Plump, tackle Terry Owens, defensive lineman Larry Martin and Jim Griffin, linebacker Jack Mills and Tom Good and defensive backs Jim Tolbert and Ron Fowlkes.

'Superstition' After Fifth Eliminator Win

The Travis-Killalea dragster from Lemon Grove, "Superstition," won its fourth Top Eliminator award last Saturday at San Diego Dragway in Ramona.

Piloted by Larry Reed, the area dragster scored an elapsed time of 8.62 seconds and a top miles per hour mark of 175.43.

The Lemon Grove racing team will be out for its fifth straight triumph this Saturday at the races.

Special attraction will be the repeat appearance of the Palmides Jet, "The Untouchable," driven by J. D. Kink of Oakland. The jet dragster topped 241 mph in a previous run at San Diego Dragway.

Challenging the jet-powered dragster will be "The Joker," a AA fuel dragster that won the 1965 Hot Rod drags at Riverside International. "The Joker" is driven and owned by Ray Shoults of San Diego. It is powered by a 408 cubic inch Chrysler engine.

Gates open at 2 p.m. with eliminations beginning at 7:45 p.m.

Young Matador Sparks Program

One of Mexico's up and coming young matadors will again challenge two established stars Sunday at Tijuana at 4 p.m. in the downtown bullring when Manuel Armillita Espinosa makes his debut against Humberto Moro and Jaime Rangel.

Six fighting bulls from Guaymas Ranch in Culiacan, Guanajuato State, will be featured Sunday.

Jose Ramon Tirado's swordsmanship was perfect July 31 at the downtown bullring as he won the only award.

Tirado placed banderillas, showed flashy capework and dropped both his bulls with a single thrust to win an ear.

The summertime crowd of some 7,000 persons did not warm to Caleserito, but the young matador turned in the day's most classic work. He earned a turn around the ring. Gabino Aguilar failed with the sword to lose awards.

Jobs Open On Labor Market

Governor Edmund G. Brown said today that California's booming economy has many thousands of jobs to offer applicants who can qualify.

Citing a net twelve-month state gain of 301,000 in employment which brought the total to a new all-time record of 7,198,000 at mid-June, the Governor said the California State Employment Service nevertheless had on hand a total of 40,628 unfilled nonfarm job orders at the end of June.

"That's more than three times as many unfilled job openings as the 12,468 at the end of June of 1958," Governor Brown commented.

"Obviously," he observed, "the tremendous development of California's economy in the ensuing eight years has resulted in creation of progressively more jobs and has absorbed an ever-increasing stream of workers. The result is that today we have a lower unemployment rate (4.7 per cent of the labor force in June of 1966 versus 6.6 per cent in June of 1958), a tighter labor market, and correspondingly more unfilled openings."

In addition to the 40,000 job openings at the end of June, the California State Employment Service reported it had made 64,659 non-farm job placements during June.

"This means there were more than 100,000 jobs available to California residents during the month," Governor Brown said.

Cycle Owners Warned By CHP

Motorcycle owners were reminded today by California Highway Patrol Commissioner Bradford M. Crittenden, that they can be cited if they transport their motorcycle on a vehicle and obscure the license plates, the lights or the driver's front view.

"A motorcycle cannot be carried on the front or back of another vehicle if it covers headlamps, turn signals, stop or tail lamps, or the license plates, or if it extends above the hood and obscures the driver's front view of the road," Crittenden said.

"The increased number of motorcycles being purchased in California for use on vacations and in conjunction with camping trips makes it imperative that the applicable laws be understood," Crittenden concluded.

Birch Society Hate Group Is Charged By Cranston

SACRAMENTO — State Controller Alan Cranston, in a lengthy report, has charged that the wealthy, burgeoning and secret John Birch Society is riddled from top to bottom with race hate and religious prejudices.

Cranston stated flatly in the report: "The evidence amply demonstrates that anti-Semitism and racism, intentional or inadvertent, abound ominously at all levels of the society — and in all its outlets from its founder on down."

The report also claims that anti-Catholicism creeps in with founder Robert Welch's touting of such extremists as Carl McIntire, former General Edwin A. Walker, and a British publication, Intelligence Digest — believers in the fantastic notion that the Catholic Church is involved in the Communist conspiracy.

In becoming the first public official in the nation to demonstrate that the Birch Society is a "seed-bag of neo-Fascism,"

Cranston catalogued examples of how the society is fostering the fraudulent Nazi thesis that Jews and Negroes are masters and servants of Communism.

Cranston, a critic and foe of extremist groups, right and left, since his days as a foreign correspondent in Nazi Germany, disclosed:

Robert Welch, the sole founder and undisputed leader of the affluent and flourishing society, has relied on the writings of professional anti-Semitic, anti-Catholic and racist propagandists, has recommended and promoted their wares, and has indulged in Jew-baiting innuendo himself.

A number of the Birch Society's formal endorsers — selected to give status and prestige to the society — have notorious records of affiliation with outright neo-Fascist groups, such as Gerald L. K. Smith's Christian Nationalist Crusade.

Two of the three California charter members of the Birch Society's National Council — Welch's most intimate advisors — have also contributed to professional anti-Semitic causes and groups.

Cranston and friends have been able to purchase — both from under and over the counter — neo-Fascist hate materials in Birch Book stores in Arcadia, Albany, San Francisco, Hollywood, Santa Barbara and San Bernardino.

Secret Birch Society chapters in San Francisco and Bakersfield have been havens of hate for Jews and Negroes.

Members of the Birch Society have been instrumental in the promotion of the racist White Citizens Councils in Los Angeles.

In the lengthy "white paper," which Cranston described as only a partial report, he said: "Above those fabled tennis shoes, the John Birch Society's slip is showing — and showing badly."

"The 'slip' is soiled and stained, with the muck of anti-Semitism and racism, and a smattering of anti-Catholicism." Cranston said he hoped his report will "sound a clear and early warning to every American concerned about his country — including, perhaps, some naive Birch members themselves."

He noted that the Birch Society has grown to an estimated 100,000 members, plans to spend \$12 million this year and is most successful of all in California.

"I was in Germany in the 1930's as a foreign correspondent," said Cranston who exposed Hitler's cleaned-up version of Mein Kampf on sale in America in 1939.

"Hitler's scapegoats were the Jew and the Communist which he charged were one and the same. His greatest early allies were ignorance and indifference."

"I saw it happen there. I never want to see it happen here." Cranston said there is nothing sinister about the Birch Society's official credo of "less government, more individual responsibility and a better world."

Nor, he said, "behind the deceptive slogans and banners, the neo-Fascism leaks out — from a rich, disturbingly secret, nationwide, grassroots organization under one man's authoritarian rule, a man who believes democracy is a perennial fraud."

Zoo Adds Red Lemur

The San Diego Zoo, site of some of the rarest primates in captivity, added another recently with the arrival of a Red Ruffed Lemur from Madagascar.

The animal was a gift of the Malagasy Government, in honor of the Zoo's 50th year celebration. Official arrangements were made by Hill during an "Air France Expedition" to Madagascar last summer to collect rare birds and animals.

Lemurs, among the most primitive of primates, live in tree-tops in the forests of north-eastern Madagascar. Lemurs differ from monkeys in many ways, including their long, fox-like muzzles, expressionless faces and lower mentality.

Sheriff's Cars To Bear Stickers

The San Diego City and County War Against Litter Committee will place Anti-Litter bumper stickers on the San Diego County Sheriff's cars at 10 a.m. Friday at the Sheriff's Office, 222 West C St.

Sheriff John O'Connor and Mrs. Wayne Taylor, chairman of the War Against Litter Committee, will place the first of 150 stickers to go on the Department's vehicles. Other members of both organizations will continue the job as cars are brought to the Sheriff's parking lot adjacent to his office.

Mrs. Taylor said: "We cannot think of a better way to remind the motorist of Anti-Litter laws, than to have these reminders visible on the enforcement officers' cars. It is the most direct route this message can take in reaching possible offenders of roadside litter laws."

Collegians To Play 4 Contests

The La Mesa Collegians, currently in fourth place in the California Collegiate Baseball League, will play four games this weekend beginning with a Friday night contest at Downey.

Saturday the Collegians visit San Fernando for a twin bill starting at 1 p.m. before returning home to face Long Beach Sunday evening at 8 on the Helix High field.

Las Vegas La Mesa dropped two games to Long Beach, 3-1 and 9-3, and was whipped by Escondido, 15-1.

The Collegians will play the Alaska Goldpanners Aug. 18 in an exhibition contest at Westgate Park. Numbered in the Goldpanners' roster are former San Diego County prep stars Mike Adamson, Bob Boone, Pat Harrison and Jim Nettles. Boone and Nettles are former Collegians.

CHP Commissioner Calls Implied Consent Law

California Highway Patrol Commissioner Bradford M. Crittenden today said that one of the most significant pieces of enforcement legislation to emerge from the 1966 legislative session was the implied consent law.

The new law, sponsored by Senator Randolph Collier and Assemblyman Pearce Young, states that any person driving a motor vehicle "upon a highway shall be deemed to have given his consent to a chemical test — for the purpose of determining alcohol content of blood if lawfully arrested for offenses arising out of acts allegedly committed while driving under the influence of intoxicating liquor."

"The drinking driver is becoming more and more of a problem in California," the Patrol Commissioner said, "and this new enforcement tool will help reduce accidents in which

the drinking driver is a factor because convictions for drunk driving will become more certain and these drivers will be removed from the highways. It will also have a deterrent effect upon drivers who may consider drinking and driving. This law will also benefit persons who because of illness or other reasons, appear to be intoxicated. They will be able to prove that they are not under the influence of alcohol."

A recent two-year Patrol study of single vehicle fatalities 871 dead drivers investigated had been drinking. The average blood alcohol level was .19 per cent.

"These drivers killed only themselves," Crittenden said. "They could easily have taken someone else with them."

"Strict use of the implied consent law will remove these drivers from the road and benefit all citizens and aid all police agencies in the State."

Nation's Economy To Stay High — BoA

The nation's economy, now in its sixth straight year of sustained expansion, is expected to continue its growth the middle of next year, according to a special report on the national business outlook prepared by Bank of America's Economics Department.

Although the rate of growth is expected to be slower during the next twelve months than in the past year, the economy should continue to operate close to the "full employment" level, the bank report states. Because the economy will continue to operate near its full capacity level, the bank expects a continued upward pressure on prices, though it predicts price increases will be smaller than during the last year.

Monetary policy will remain tight, the Bank of America report predicted, and interest rates will remain near current highs at least through the end of 1966. However, the sloping in the economy's rate of growth during the last few months has reduced the need for an increase in federal income taxes in 1966.

Stay constantly alert when driving, warns Edward R. Klammer, accident prevention director of the Allstate Motor Club. Experience shows that slight distractions precipitate actual collisions. Too many accident reports read, "was looking for street signs or house numbers when the other guy ran into me."

Westgate Profit Best In History

Westgate-California Corporation earnings for the first six months of 1966, the best in the history of the Corporation for any comparable period, were reported today at the Corporation's Board of Directors meeting.

Earnings for the first half of 1966 amounted to 1,155,887 or 54 cents per Class A share on 1,830,182 shares outstanding for the half period of 1965.

C. Arnold Smith, Chairman of the Board, stated that at today's Board Meeting, the Directors seriously considered offers for the sale of some of the Corporation's properties and investments which were very attractive since they ranged far in excess of the original cost of these holdings or their carrying value.

Fort Sanders, near Laramie, Wyo., was established to protect the Overland Trail and railroad workers laying tracks to connect the East and West.
